# Welcome

## To ESG 2022

**Dear Colleagues,**

We are happy to welcome you to the 22nd Annual Meeting of the Egyptian Society for the Glaucomas (ESG). The pioneering glaucoma society in the Middle East and Africa was founded by the relentless efforts of the pioneers; Mohamed Ibrahim Abdalla and Nabil Sabry, aided by an array of some of the best glaucoma specialists in the country spanning institutions from far south to far north.

A rich scientific content spanning various topics of the glaucoma fields is available for you. Ranging from symposia, panel discussions, and paper sessions, from didactic to advanced, the program is planned to keep its tradition of keeping par with first class glaucoma meetings. We are also happy this year to welcome a session by the Middle East African Glaucoma Society **(MEAGS)**

Every sincere effort has been made by the board towards our one goal: Better development of our glaucoma understanding and knowledge. On behalf of ESG Board, I welcome you, and wish all of us will have a fruitful outcome of **ESG2022**.
